

INFACOM AT FEINDEF.

We are pleased to inform you that our company will be present this year at FEINDEF, International Fair of defense and security that will take place in Madrid IFEMA fairgrounds between May 17 and 19.

We will be at stand E20 in pavilion 10.

We will present the new products of high power combiners for primary and secondary radars, communications and military bands, redundant systems for TETRA applications, PLOs and the entire line of products manufactured by our company.

For more information and meetings at the booth, please send an email to info@infacom.es

IFEMA MAY 17-18 AND 19
